AWARD-WINNING DESIGNER

HUMAN-CENTERED, ACCESSIBLE & INCLUSIVE FOCUSED

Award-winning executive-level designer with over 25 years of experience creating human-centered, accessible, and inclusive design solutions. Proven track record in enhancing user experience, driving revenue growth, and fostering client relationships. Seeking to leverage extensive design and leadership skills as a **Senior Staff Product/UX Designer** at **Mozilla**.

- Subject matter expert in visual design, user experience, typography, and color theory
 - A high degree of comfort and experience with ambiguity, unknowns, and pushing boundaries
 - Build relationships with clients and executives, promoting trust and inclusiveness in the process
 - Consistently expanding skill set with continuing self-education and sharing learnings
-

PROFESSIONAL EXPERIENCE

HAMILTONBERCHMAN (2005 – Present)

AWARD-WINNING, HUMAN-CENTERED DIGITAL EXPERIENCE DESIGNER

I've completed over 1,000 successful digital projects, including websites, apps, branding, and marketing campaigns. I design solutions to solve business problems and have experience leading remote meetings with clients worldwide for 15 years.

- Award-winning, Human-Centered Digital Experience Designer
- Spearheaded over 1,000 digital projects, generating substantial revenue growth and client satisfaction.
- Recognized for award-winning design work for Intuit and practical leadership in remote client interactions.

HATCH EARLY LEARNING INC. (November 2022 — May 2023)

SENIOR USER EXPERIENCE DESIGNER

As a senior designer, I focused on solving problems between screens and people. I established a design system and helped launch a new product initiative. I used artificial intelligence to help with research and creativity, which has become a working accelerator in my design process.

- Revamped UX onboarding process, reducing steps from 19 to 6, enhancing user experience for software users.
- Initiated and developed 12 user personas based on software analytics, aiding in targeted design solutions.

ART+LOGIC (June 2016 — April 2023)

USER EXPERIENCE and USER INTERFACE DESIGNER

For six years at Art+Logic, I led software design projects, collaborating with remote teams and ensuring on-time delivery. As a vital member of a three-person design team, I honed my skills in deliverable production, remote meeting management, and global client presentations. My pivotal role in discovery and prototyping secured significant projects.

- Played a pivotal role in securing multi-million dollar projects through exceptional design and customer service.
- Renowned for salvaging critical projects and maintaining high client satisfaction and inclusiveness standards.

AGIA INSURANCE (October 2013 — September 2015)

SENIOR WEB DESIGNER AND E-MAIL DESIGNER

I enhanced user experience and conversion rates by creating intelligent, responsive digital marketing campaigns. Using custom programming, I tailored email content dynamically based on user behavior, boosting engagement. Employing A/B and multivariate testing on the Salesforce platform, I iteratively improved campaign performance by up to 25%.

- 25% improvement in email engagement after refactoring and the latest technology and techniques used
- 2 million email subscribers were the most significant list I deployed marketing initiatives to
- 20+ clients needed custom email design and programming as well as custom landing page design
- \$100,000 in revenue — “saved” projects from client dissatisfaction from other designers
