SUMMARY

Seasoned Lead Digital Experience Designer with 19 years in the design field, seeking a Senior Product Designer role. Specializes in healthcare and startup environments, delivering patient-centric digital solutions. Expert in leading design strategies, enhancing user experience, and managing cross-functional teams.

WORK EXPERIENCE

HamiltonBerchman

Award-Winning, Human-Centered Lead Digital Experience Designer

2005 - Present

- Completes digital projects such as website design, mobile and desktop application development, email campaigns, and marketing initiatives that resolve client issues effectively.
- Designs solution-oriented strategies that address well-defined business problems, resulting in tangible business improvements.
- Leads remote meetings and collaborates extensively with a diverse range of leaders and clients globally.

Hatch Early Learning Inc.

Senior User Experience Designer

Nov 2022 - May 2023

- Streamlined user interaction by identifying and addressing key issues, leading to improved product functionality and user experience.
- Developed a comprehensive design system and user personas suite, resulting in a more targeted and efficient redesign of the onboarding process.
- Integrated artificial intelligence into research and creativity processes, resulting in significant acceleration and enhancement of design outcomes.

Art+Logic Inc.

Senior User Experience and User Interface Designer

Jun 2016 - Apr 2022

- Led design initiatives across multiple teams ranging from 1-16 members, effectively ensuring the successful and timely delivery of software projects.
- Enhanced proficiency in delivering high-quality outputs, conducting remote meetings, and presenting to global executives and clients.
- Played a pivotal role in discovery and prototyping phases, enabling the acquisition of large-scale projects.

AGIA Insurance

Senior Web Designer and Email Designer

Oct 2013 - Sep 2015

- Enhanced user experience and boosted conversion rates through the design of intuitive and responsive digital marketing campaigns.
- Implemented custom programming for dynamic email customization, resulting in increased user engagement by delivering targeted content.
- Leveraged A/B and multivariate testing, along with design iteration on the Salesforce platform, to continually measure and elevate campaign performance.
